- Shops
- Warehousing
- Offices
- Commercial premises

MAIN FEATURES:

- Secured key locking mechanism
- Manufactured in mild steel with powder coated finish
- Easy access for operation and maintenance
- Well ventilated

ADDED SECURITY FOR CRITICAL CCTV EQUIPMENT

CCTV recording equipment is more often than not a target of attack by criminals attempting to destroy any incriminating evidence of their activities. For this reason Vista have invested heavily in producing the most secure security boxes for Multiplexers, VCRs, digital recorders and tapes available.

Designed and manufactured to offer extremely easy installation with maximum access for subsequent operation and maintenance, these units are a firm favourite with end users and security installers alike.

THE UK'S PREMIER CCTV BRAND
